

BILSTEIN® SHOCK ABSORBERS

Sure, you've got plenty of muscle under your hood, but what about your suspension?

HEAVYWEIGHT PERFORMANCE

Choose the Bilstein shock that's right for your application:

- *5150 Series with race inspired fixed CrossFlow reservoir for custom and lifted applications*
- *5100 Series specifically designed and valved for lifted trucks and SUVs*
- *4600 Series premium O.E. replacement shocks, with their massive 1.81" dia. piston, deliver superior performance and durability*

Put some real muscle under your heavyweight work horse with the advanced technology and design of Bilstein monotube gas pressure shocks.

Bilstein 5100 Series are a real must for GM trucks with a torsion key lift. And for you Super Duty fans, check out the new Bilstein BTS System. Provides 2.25" of lift to the front of 2005 and later F-250/F-350 4WD trucks. Plus it's been brutally proven in the field by the U.S. Border Patrol.

From O.E. replacement to lifted or custom applications, Bilstein shocks provide a level of comfort and performance far superior to anything else available.

Special limited time sale on Bilstein replacement shocks for select pickup & SUV applications starting as low as...

\$52⁹⁵

See the full line of Bilstein shocks on our website, or call toll free for the Bilstein retailer nearest you.

BILSTEIN...the world leader in monotube gas pressure shock absorber technology.
