

# BILSTEIN<sup>®</sup> SHOCK ABSORBERS

**Leading Technology,  
Winning Performance,  
Superior Selection.**

## **BGT Series** (far left)

46mm (2") diameter aluminum body with extra large 60mm nitrogen compartment for reduced rod pressure. Coilover design available with or without base valve. Racer rebuildable and revalvable, optional adjustable shaft available.

## **ASN Series** (center)

46mm (2") diameter threaded aluminum body with schrader valve and circlip rod guide, linear or digressive piston, rebuildable, optional adjustable shaft available.

## **SN Series** (left)

46mm (1.81") diameter steel body, aluminum billet cap with schrader valve. Sold in kit form, less valve plates, oil and nitrogen gas charge. Racer rebuildable and revalvable.

**Over  
1,000 Wins  
In 2007**
