

# BILSTEIN® SHOCK ABSORBERS

*Leading Technology.  
Winning Performance.  
Superior Selection.*

## **BGT Series** (far left)

46mm (2") diameter aluminum body with extra large 60mm nitrogen compartment for reduced rod pressure. Coilover design available with or without base valve. Racer rebuildable and revalvable, optional adjustable shaft available.

## **ASN Series** (center)

46mm (2") diameter threaded aluminum body with schrader valve and circlip rod guide, linear or digressive piston, rebuildable, optional adjustable shaft available.

## **ASB Series** (left)

Ultra lightweight 36mm aluminum body, smooth sealed and threaded rebuildable models available.
