

# BILSTEIN® SHOCK ABSORBERS

Pushing the  
Boundaries of  
Technology,  
Performance  
and Comfort.

- Bilstein's advanced monotube gas pressure design and massive 1.81" piston diameter provides superior performance and comfort
- Unique digressive valving system produces full valving capacity within 2mm of shaft movement – compression and rebound instantly responds to changing road input
- Each shock fully dyno tested to insure you get the best ride possible
- Coilover or smooth body aluminum and steel body models for stock to fully custom applications including Street Rods, Customs, Classics, Resto and Muscle Cars

*Bilstein Rod Shocks and Coil Springs are MADE IN THE U.S.A. and covered by a Limited Lifetime Aftermarket Warranty.*
