

BILSTEIN® SHOCK ABSORBERS

UP TO
2.5"
LIFT

NEW Ride Height Adjustable 5100 Series Shocks

- Designed for front coilover style pickup suspensions
- Multiple snap-ring grooves allows different spring seat positions providing 0" to 2.5" of front end lift, depending on application
- Utilizes the vehicle's stock front coil springs
- An extremely affordable and practical alternative to coil spring spacers, with the benefit of Bilstein's superior monotube design
- Available for 2004-06 Ford F-150, 2005-06 Toyota Tacoma 4WD & Prerunner, 1999-06 Toyota Tundra and 2004-06 Nissan Titan

4WD F-150 front shock shown at left

New Bilstein BTS System for 2005 and later Ford F-250/F-350 4WD

- Raises the front of your truck by 2.25"
- Increases wheel travel and improves overall handling
- Includes replacement front coil springs and two Bilstein 5100 Series shocks featuring high capacity digressive pistons and split valving specifically tuned for lifted truck applications (matched tuned rear 5100 shocks also available)

Visit our website to see the complete selection of Bilstein shocks for stock replacement, lifted truck, custom, coilover and professional off-road racing applications.

BILSTEIN®...the world leader in monotube gas pressure shock absorber technology.
